

# DON'T SEND THOSE KITCHEN CABINETS TO THE LANDFILL.

## CONTACT LOWCOUNTRY HABITAT FOR HUMANITY'S DECONSTRUCTION TEAM

### WHAT

Our Deconstruction Service offers affordable de-installation and removal of your salvageable building materials.

### WHO

Individuals, businesses, contractors and developers embarking on remodeling or demolition projects.

### HOW

Experienced Habitat staff and volunteers extract useable building materials and supplies in a timely manner and in conjunction with your project schedule. The items are brought to the Habitat for Humanity ReStore for resale to the general public.

### SALVAGEABLE ITEMS MAY INCLUDE:

- Appliances
- Building supplies
- Cabinets and countertops
- Doors and windows
- Electrical fixtures and supplies
- Hardware
- Heating and cooling supplies
- Landscaping supplies
- Plumbing fixtures and supplies
- Scrap metal
- And More!

### DID YOU KNOW?

ReStore proceeds have helped fund 13 houses in northern Beaufort County since our inception in 2004. ReStore also sponsored the rehabilitation of the ReStore Cottage located in Gardens Corner.

### HOMEOWNERS:

Look what we can do for you

### BEFORE

### AFTER

*"The crew from Habitat*

*Deconstruction were so professional and so neat when they tore out my old kitchen cabinets, sinks, appliances and moldings.*

*They were mindful to protect my wood floors, but the big plus is that I saved about \$2,800 dollars in the demolition and carting away costs! It's a win win situation! I got the de-construction for FREE... Habitat got my old kitchen to sell in their ReStore."*

*—D. Paterson, Beaufort, SC*

## WHY DONATE?

### RECYCLE FOR A CAUSE! BENEFITS INCLUDE:

- Diverting useable materials from the landfill
- Providing a source of affordable building materials for reuse in our community
- Supporting Habitat's vision of a safe and decent home for every family
- Donations are tax deductible

*"When my husband and I decided to remodel our kitchen, we were excited to find just what we wanted in recycled cabinetry from ReStore.*

*We found a complete set of solid wood cabinets that would fill our entire kitchen. They were in excellent condition, inside and out. These particular cabinets included four sets of built in drawers, a spice-rack, and wooden drawer separators for silverware and utensils. We feel wonderful about re-cycling these well constructed units and the savings to our budget."*— Karen Brown

## OUR MISSION

In response to God's love, LowCountry Habitat creates long-term partnerships to build, renovate and repair affordable housing with volunteers and responsible families in need.
